INTRODUCTION TO DISTRICT CODE OF STUDENT CONDUCT

Florida law requires that all students receive a Code of Student Conduct. This Code is used to govern conduct and discipline. Each student must obey district rules while on school grounds; while being transported to and from school at public expense; and during school-sponsored events, field trips, athletic functions, and similar activities. During such times, all students are subject to the immediate control and direction of teachers, staff members, or bus drivers to whom such responsibility has been assigned by the Principal. This Code also applies to students who commit felonies, or delinquent acts off school board property which would be felonies if committed by an adult. The school district may seek Medicaid reimbursement in accordance with applicable rules and regulations. Parents and guardians may contact the district administration offices for further information.

Note: For additional information on students' rights and responsibilities, see the Code of Student Conduct as well as the Driving Privileges & Attendance section for School Board Policy.

STUDENT RIGHTS AND RESPONSIBILITIES

Student Rights (Equity Statement) - Students attending the Monroe County Public Schools have the right to a free and appropriate education, which includes the right to equal educational opportunities without regard to race, national origin, sex, handicap or marital status. Students are also vested with other fundamental rights. Among these are the right:

1. To be informed of the rules of the code of conduct.
2. To a safe and orderly environment in which to learn.
3. To know about and use school guidance services.
4. To be treated with dignity and respect.
5. To reasonable and fair treatment.
6. To be protected by laws prohibiting the release of personally identifiable information, other than directory information, without the consent of parents/guardians or students 18 years of age or older to any unauthorized party.
7. To free transportation as allowable by law.
8. To be notified of failure or the potential for failure as outlined in the progress reporting schedule.

Student Responsibilities - Students have the responsibility to follow Student Code outlined on page 3.

1. To attend school regularly.
2. To come to class with all necessary materials and prepared to learn.
3. To take advantage of learning opportunities.
4. To use guidance services for educational and personal improvement.
5. To treat other people and property with respect.
6. To report hazardous or dangerous situations to an adult in authority.
7. To abide by all bus safety rules and procedures.
8. To follow classroom rules and complete assignments, homework and projects/reports as requested by their teacher.
9. To share reports with their parents/guardians, including progress reports and report cards.

ACADEMICS

Grading - The following numerical scale is to be used for determining grades in all of the District's secondary schools:

A	90-100	Outstanding progress
B	80-89	Above average progress
C	70-79	Average progress
D	60-69	Lowest Acceptable Progress
F	0-59	Failure
Z	0	Can be turned in for some or all credit
X	No grade awarded	

KWHS WILL NOT BE RESPONSIBLE FOR AWARDING GRADES FOR TRANSFER STUDENTS UNLESS THEY HAVE BEEN ENROLLED FOR AT LEAST 20 DAYS DURING A GRADING PERIOD. Midterm & Final exams do not count for the 20 day scenario.

Key West High School has semester classes which run from August to January and January to June; students receive a grade for the each nine weeks and a semester exam. Key West High School will use a grading system for the semester in which grades are numeric and represent percentages between 0 and 100. Each nine weeks' grade constitutes 40% of the final average and the semester exam or district level EOC represents 20% (40%+40%+20% = 100%). Students will be awarded semester grades on this grading system.

Students that are taking a year-long course with a state End of Course Exam (EOC) will be issued only a Final Grade at the end of year. Please refer to your child's syllabus if he/she is taking a course which requires a state EOC (Algebra 1, Algebra 2, Geometry, Biology and U.S. History). Passing the Algebra 1 EOC is required for graduation.

Final End of Course exams for all non-state EOC tested courses - All credits will be earned on a semester basis using a 90 day grading period and the final EOC grade with the exception of state EOC courses. Students will receive a semester average and be awarded ½ credits. A student MUST take the Final EOC to receive credit in a course. If a student misses more than 9 days during the semester, he/she must pass the final EOC in order to pass the

course. A doctor's note is required if the student is absent from an EOC and only the Principal can approve a make-up for a missed final. Students will receive an F for the semester if he/she does not take their final. Final EOC's will be given on the dates posted. Make plans accordingly so a student is present for their final EOC.

Students may refer to the Curriculum Guide or make an appointment with the CAP advisor to review the specific requirements for the Academic Scholars Program.

Gold Seal Endorsement & Scholarship - The Florida Gold Seal Endorsement & Scholarship can only be used in Florida and is similar to the Florida Academic Scholars' Program. The required courses include vocational and/or technical classes in specific programs. See your counselor, CAP advisor or your vocational teacher for more information.

Selection of Valedictorian and Salutatorian – It is the policy of the school board that annual scholastic grade point averages shall be calculated for, and assigned to, students in grades nine through twelve. The cumulative scholastic grade point average for a student in the twelfth grade shall be used to determine the student's senior class rank.

- A scholastic grade point average based on semester final grades shall be calculated at the end of each academic year for each student in grades 9 through 12 based on the district's grade weighting policy. High school core courses taken at the middle school will be included in the Valedictorian/Salutatorian calculation.
- Grades transferred from other accredited public schools which were earned in courses coded as "high school" in the Florida Department of Education's Course Code Directory and Dual Enrollment "DE" courses in the core courses areas (as per the Course Code equivalency list) which include the follow: Math, English, Science, History/Social Studies (as required for graduation), and World Language in the core course areas shall be included in calculating the Valedictorian/Salutatorian GPA.

Virtual Instruction courses to be included in the calculation for Valedictorian and Salutatorian must be in the core course areas which include the following: Math, English, Science, History/Social Studies (as required for graduation), and World Language.
- A student must be enrolled in the Monroe County School District for a minimum of two complete school years to be eligible for Valedictorian/Salutatorian.

Student's eligibility for their highest academic honor will be calculated by using a weighted GPA.

Magna Cum Laude	Greater than or equal to 4.25
Cum Laude	Greater than or equal to 4.0

College Visitations/Military Screenings - All visitations must be pre-approved through the CAP office. Freshmen and sophomores get 1 visit up to 2 days, juniors get 2 visits up to 4 days and seniors get 3 visits up to 4 days.

College Advisor Program (CAP) - Located in the guidance office(room 1-110) is the CAP office where an advisor can assist you with college applications, testing information, college catalogs, career information and other areas of interest to students after graduation.

Schedule Changes/Drop Add Policy – A student may request a schedule change through his/her guidance counselor. Appropriate request will be processed given the following guidelines:

1. Students registered in March will have until the beginning of May (exact date will be announced) to request changes.
2. Schedule change requests may be made during the first two weeks of a new semester if the student has been placed in the wrong class.
3. Key West High School reserves the right to change individual student schedules to comply with Monroe County School Board and Department of Education policies. These administrative changes may occur due to fluctuations in the student population or faculty allocation. This could include balancing of classes and/or teacher loads. Every effort will be made not to disrupt the educational process when such changes become necessary.
4. A student may not drop a KWHHS class after 4.5 weeks, progress report period, to enroll in Florida Virtual School.
5. NMSI AP Courses require a specific drop procedure, including study sessions with the teacher and a student/parent/teacher/administer conference, and final approval by the NMSI Administrator. Drop procedure does not guarantee drop approval.

Homework Policy - In order to assure our students and parents that homework is an extension of the learning process:

- Homework will NOT**
- Consist of straight copy work
 - Require resources not readily available to all students.
 - Be written assignments given as punishment for misbehavior.
- Teachers will:**
- Give homework assignments in writing/have students copy it.
 - Give feedback on homework (grades, discussion, etc.).
 - Establish a late homework policy.

ATTENDANCE

Monroe County School District Attendance Policy is in the Student Progression Plan on the MCSD website.

Importance of Attendance: Research shows that students who exceeded attendance requirements fail at least one class. This alone should establish the importance of regular attendance. In order to promote better attendance rates the following will occur:

1. Quarterly recognition of perfect attendance for individual students. For this award, perfect attendance consists of no absences and no tardies for the attendance interval. Attendance intervals will be announced at the beginning of the school year.
2. Students tardy to class will be assigned consequences according to the truancy policy (see page 12).
3. After five unexcused full day absences, a letter will be sent home.
4. If 5 unexcused absences, or 35 class periods, occur within 30 days or 10 full days, or 50 class periods, within 90 days, the student will be referred to the Student Services Truancy Team which can lead to the following: intervention with the student, notice to parent, conference with parents, and a truancy petition.
5. If a truancy petition is filed, parents and student must appear in court
6. Habitual truants, those with 15 unexcused absences within a 90 day period, will also have their driver's license/permit revoked or will be prevented from obtaining one.
7. If a pattern of non-attendance occurs, even excused absences, the student will be under consideration for follow up.

School Attendance: All students are required to attend school each day during the school year when school is in session and, as appropriate and as required, shall attend each day of class in a summer school program. A student may also be required to attend academically-related school activities which are part of the student's curriculum.

- **Definitions:**
 - **Absence** means the non-attendance of a student on days that school is scheduled to be in session. An absence may be excused or unexcused.

- **Attendance** means that a student is actually present at school or the student is away from school during the school day and is engaged in an educational/extra-curricular activity which constitutes a part of the school-approved program.
- **Truancy** means that 5 unexcused absences have occurred within 30 days or 10 unexcused absences have occurred within 90 days.
- **Habitual Truancy** means that 15 unexcused absences have occurred with a 90 day period.

Guidelines

- Students may participate in academic field trips without being counted as absent, if all required work is made up.
- Students absent due to a school function must acquire their assignments PRIOR to the absence and turn the work in on time.
- For excused absences, students will have two (2) days from the day they were absent to make up their work. For example, if they are absent one day, they will have two (2) days to make up missed work. Two days absence will result in four (4) days given to make up work. After three (3) consecutive absences, the teacher will determine due dates. The exception to this policy is if the student is assigned Out of School Suspension (OSS).
- If notice has been given of a test or due date for a paper, project, or assignment prior to an absence, the student is still responsible for the work on the date it is due. Absence will not extend the deadline. In the case of a test, the student will be expected to take the test as soon as he or she returns to school. Arrangements to make up work are to be made with the teacher and are the responsibility of the student.
- More than 9 excused absences in an 18 calendar week semester is considered to be excessive, and a written statement of a licensed practicing physician verifying an illness or injury must be provided after that point for the absence to be considered excused. In cases where a student is experiencing a long-term illness or injury, only one written statement of a licensed practicing physician is required. Religious holidays that are pre-approved by a written note from the parents are not included in the 9 absence limit.
- Students missing more than 9 days in a semester and who fail their semester exam will fail for the semester. The principal is the only authority that can provide a waiver.
- Parents should receive an automated phone call when a student is marked unexcused. This serves as notification and should be pursued by the parent.
- Florida State Law requires that a student must be in attendance for at least 67.5 hours of instruction for each semester course. If the minimum attendance required is not met, students must demonstrate mastery of the student performance standards in the course by passing a final examination in order to be eligible to receive credit for the course. Excused absences for school activities as determined by the school Principal shall not be counted against the 67.5 hours minimum required.
- A habitual truant is defined by law as a student who has 15 unexcused absences within 90 calendar days, with or without the knowledge or justifiable consent of the parent or legal guardian. The Superintendent's office must report all truant students to the Department of Highway and Motor Vehicles. The DMV may not issue a driver's license or learner's driver's license to, and shall suspend any previously issued license of any such student through (Chapter 322, Florida Statutes). Families receiving public assistance for a student through the State of Florida WAGES program may have that assistance withdrawn if the student is classified as truant.
- Students who must sign out before dismissal should make arrangements in advance by bringing a note to the attendance office. They will be issued a permission to leave form that can be shown to their teacher before leaving. Students will not be dismissed during the last 30 minutes of the school day unless prior arrangements have been made.
- Students 18 years of age and older shall have all rights accorded to their records, unless they are dependent on their parents as defined in the Internal Revenue Code. Students 18 years of age and older are required to be in compliance with attendance and discipline policies of the Monroe County School District.
- A student returning after an absence should report to the Attendance Office immediately upon return with verification of the absence where school authorities will determine whether the absence is excused or unexcused. The Principal or his/her designee may choose to verify the absence through telephone conversation with the parent/guardian of the student. Students will have three school days to report their absence; after three days it is declared an unexcused absence.

1. **Excused Absences** – students must be in school unless the absence has been permitted or excused for one of the reasons listed below. For reasons "a" through "e" on the list below, parents must report the absence the day before, the day of, or within two school days following the absence or the absence will be considered unexcused. Absences must be reported by a written note. If the student exhibits a pattern of nonattendance, Principals may request documentation from a physician or public health unit. Absences may be excused for the following reasons:
 - a. Illness of a student.
 - b. Illness of an immediate family member.
 - c. Death in the family (the absence may not exceed 7 days).
 - d. Religious holidays of the student's own faith (school must be notified at least 3 days in advance).
 - e. Required court appearance or subpoena by a law enforcement agency.
 - f. Special event. Examples of special events include important public functions, conferences, state/national competitions, as well as exceptional cases of family need. The student must get permission from the Principal/designee at least five days ahead of time.
 - g. Scheduled doctor or dentist appointment. The parent must notify the school of the date and appointment time prior to the absence/release time. A note from the doctor's office must be submitted within 48 hours of the appointment.
 - h. Suspensions from class (in-school or out of school).
 - i. Students having, or suspected of having, a communicable disease or infestation which can be transmitted are to be excluded from school and are not allowed to return to school until they no longer present a health hazard (F.S.2320.032). Examples of communicable diseases and infestations include, but are not limited to, fleas, head lice, ringworm, impetigo, and scabies. Students are allowed a maximum of five excused absences for an infestation of head lice.
 - j. Notification of an absence provided by the student's parent/guardian does not in-and-of-itself require the school administration to record the absence(s) as excused.

NOTE: School related absences are not considered absences.

NOTE: Unexplained absences/no note turned in will be considered "Unexcused."

2. Unexcused Absences

- a. If absences are not excused, as defined in the previous section, the absences are considered unexcused.
- b. Examples of unexcused absences are but not limited to: shopping trips, family vacation trips unless prior approval is documented, activities that should be conducted outside the school day (i.e., hair appointments, sleeping, doing homework, taking a driver's test), and activities more appropriately related to the parent or guardian (i.e., taking care of siblings or providing transportation).
- c. Students with unexcused absences may be permitted to make up work or tests at the teachers' discretion.
- d. Absences from a class may result in failure for that class.
- e. Students without a completed Certificate of Immunization indicating compliance with the current required schedule of immunizations will not be allowed to attend classes until this document is provided or a waiver is obtained. Absences due to non-compliance with immunization requirements shall be considered unexcused.

Driver's Licenses/Permits – Florida Law [1003.27(b)] states that The Department of Highway Safety and Motor Vehicles may not issue a driver's license or learner's driver's license to, and shall suspend any previously issued driver's license or learner's driver's license of, any such [habitually truant] minor student, pursuant to the provisions of s. 322.091.

Tardy to School and/or Class:

Tardies to school and/or class are a disruption to the learning environment and can thus have a negative impact on everyone. Students are expected to be on time to all classes. Excused reasons may include prearranged tardies, medical reasons, or late bus. All other tardies are unexcused. Zeros may be given for work missed due to unexcused tardies.

Tardiness may result in the following consequences:

1 st /2 nd Tardy	15 min Teacher Detention*
3 rd /4 th Tardy	15 Min Teacher Detention and Parent Contact
5 th Tardy	1 Hr Afterschool Administrative Detention
Excessive	Saturday School (2 hrs) or Possible Suspension

*Unserved 15 minute detention will result in one hour afterschool administrative detention to be served in the same week of receipt. If a student fails to serve, they are expected at Saturday School that week, with an additional chance to serve the following Saturday. **Failure to serve consequences in this timeframe (4 possible steps to complete the consequence) will result in a one day out of school suspension.** Students should bring school work to Saturday School.

DISCIPLINE

The following are school rules, policies, procedures and consequences for rule or policy violations. It is important to note the consequences serve as guidelines for action taken and are a means of demonstrating a consistent application of such consequences.

The Principal retains the right to issue consequences for acts of misconduct not specifically stated in our rules. The Principal also retains the right to alter any consequences on an individual basis, according to the best interests and circumstances of the student.

Disciplinary Action

Procedures to be followed for acts requiring discipline have been established by the administration and the discipline committee. These procedures will insure that the student is advised of the rule he/she is accused of violating and that the consequence is appropriate for the offense. Disciplinary action may include administrative intervention, detention; work on the school grounds under proper supervision, Saturday school, in-school or out-of-school suspension, expulsion, or assignment to the Alternative Education Program.

Expulsion may be used for repeated or very serious violations. Expulsion is exclusion from school for the rest of the school year and possibly the ensuing school year. Expulsion procedures require written notice to the student and his/her parents or guardian advising them of the impending recommended actions, setting forth the charges against the student and advising them of the student's rights to due process including the right to legal counsel. Expulsion proceedings require a hearing before a District hearing officer, unless waived, final action by the District hearing officer, unless waived, and final action by the District School Board of Monroe County.

Out of School Suspension (OSS) may be given for periods up to ten (10) days for serious violations of school rules, School Board policy, the law or the provisions of the Board's Code of Student Conduct. In cases of suspension, students must be given oral or written notice and explanation of the charges against them and must be given an opportunity to present their side of the story. This must occur before the suspension, except in the case of emergency or disruptive conditions. Students issued out of school suspension may be assigned to an alternative setting. This alternative setting may be in conjunction with the Department of Juvenile Justice. The Principal or Assistant Principal shall make a good faith effort to employ parental assistance or other alternative measures prior to suspension. Written notice of suspension will be mailed or given to parents; however, students may be suspended without written parental notice as a result of committing a "serious breach of conduct" in accordance with School Board Policy.

- a. Students assigned OSS will be given assignments during that period. It is the student's responsibility to obtain the material covered in class to prepare for their return to school.
- b. Absences due to OSS are excused days.
- c. Students may also be suspended from riding the school bus for up to ten (10) days for any one offense.

Detentions/Saturday School must be served when assigned or else the consequence continues to the next level. Detention is offered six days per week. It is in everyone's best interest to take care of consequences in a timely manner. If a student needs accommodations or has a question regarding a detention, they should proactively seek an administrator.

Detention Process:

Teacher Detention – Teachers give detentions for minor classroom infractions in 15 minute increments. Students should serve these consequences with the teacher who issued the detention during the teacher's office hours. Failure to serve a teacher's detention results in an administrative detention.

Administrative Detention – Students receive an administrative detention for either failing to serve a teacher's detention, being dismissed from class, or for other minor infractions. They receive notification of this consequence both verbally and in written form. Students are expected to serve an administrative detention the same week they receive it or else they are expected at Saturday School the same week.

Saturday School – Students receive Saturday School for either failing to serve an administrative detention, skipping, leaving campus, or other major infractions. They receive notification of this consequence both verbally and in written form. **Students have two opportunities to serve their Saturday School or they are suspended from school for one day.** Saturday School is from 9am-11am weekly.

Detention Expectations:

1. You must be on time to detentions/Saturday School. If you are late, you may 1) not be able to serve or 2) be assigned an additional detention.
2. No electronics.
3. No sleeping.
4. Students should bring work or reading material.
5. If you are dismissed from detention, time served will not count.

Student Rights and Responsibilities

- a. Students have a responsibility to ask their parents (in an age appropriate manner) to notify the school when they are absent.
- b. Students have a responsibility to ask teachers (in an age appropriate manner) for, and to complete, make-up assignments. Previously assigned work is still due on assigned due date.
- c. Students who are externally suspended and who attend one of the alternatives to suspension programs have the right to make up work.

17. Not bring band instruments that interfere with the seating and safety of others. Only instruments that can be held on students' laps will be permitted.
18. Not wear bathing suits on the bus or hang them outside the windows. Wet bathing suits shall be placed in waterproof bags before being brought on the bus.
19. Use the handrail when entering and leaving the bus. Be careful that loose straps or drawstrings on articles of clothing or backpacks do not get caught on the handrail.

Medication/Health Procedures

1. All medication, prescription with current date and/or non-prescription, must be presented in the original container to the Principal/designee. Parent/guardian shall bring medications to school unless arrangements are made for another adult to bring the medication to school.
2. Instructions on using a prescription shall be provided by a physician or be described on the medication container provided by the physician or pharmacist. Instructions on using non-prescription medication shall be written out and signed and dated by a doctor.
3. All prescription and non-prescription medications shall be delivered to the office/clinic with the following information provided:
 - a. Name and purpose of medication
 - b. Time and conditions under which the medication is to be given
 - c. Specific instructions on the administration of the medication
 - d. Approximate duration of the medication, not to exceed four week supply under normal circumstances. (Taking non-prescription medication should not exceed 72 hours in any one-month period.)
 - e. A Permission for Administration Form signed by a parent or guardian.
4. First dosage of any new medication shall not be administered during school hours because of the possibility of an allergic reaction.
5. All prescription medications must be kept in the original container and stored under lock and key.
6. A student that needs to carry an inhaler or Epi-Pen on their person must have a doctor's statement and parent/guardian consent to do so.
7. Communicable diseases include the following: head lice, ring worm, scabies, scarlet fever, chicken pox, and measles. Students will not be able to return without proof of treatment from a doctor or County health department.
8. Students cannot be sent to school if any nits or lice are present in the student's hair. Upon a student's return to school, he/she shall be checked by a member of the school staff in the presence of a parent or guardian.
9. Pediculosis (head lice) is highly transmittable and has become common in schools all over the United States. All age groups are susceptible to head lice. Parents/guardians are responsible for checking their student's head for lice and their eggs (nits) even if the most common symptom of itching is not present. If lice and nits are found, it is important to treat the student and carefully monitor other family members.

Supervision of Students - The Monroe County School Board is not responsible for the supervision of students on school grounds until thirty (30) minutes prior to the start of the regular school day, at a scheduled event or beyond thirty (30) minutes after. Section 232.25 (2), Florida Statutes.

DUE PROCESS

In order to protect student rights, certain procedures are followed with regard to major disciplinary actions. These procedures are developed as suggested or required by law or regulation.

Due Processes for Suspensions – A student accused of an offense which, in the opinion of the Principal or designee, would require suspension from school or bus, shall be afforded the following due process procedures. In emergency situations, these procedures may be modified so long as reasonable efforts are made to provide substantially similar opportunities for due process.

- Step 1: The student must be told by the Principal/designee of the reason(s) for consideration of expulsion.
- Step 2: The student must be given the opportunity to present the student's side of the matter either verbally or in writing and must have the opportunity to present witnesses to the incident.

- Step 3: The Principal/designee shall make a determination in writing as to whether or not the student is guilty of the misconduct and, if so, what the terms of the disciplinary response will be. The student shall be informed of the determination. If the Principal/designee determines that there are sufficient grounds for expulsion, then the Principal/designee shall inform the student of the suspension from school for ten days and that a recommendation for expulsion is being considered.
- Step 4: The Principal/designee shall report in writing to the student's parent/guardian and the Superintendent that the student has been suspended for ten days and that a recommendation for expulsion is being considered. Any suspension notice to an adult student or the parent/guardian, or custodian of a minor student shall be hand delivered by the Principal or an administrative staff member, or shall be sent by regular mail if the Principal or an administrative staff member documents a personal contact (not an attempt or recorded message) with the parent or guardian concerning the suspension and that the paperwork is being sent by mail. If contact cannot be made with the parent/guardian then the notice may be sent by certified mail. This shall be mailed within 24 hours of the start of the initial 10-day suspension or on the next regular workday. Reasonable effort shall be made to contact the parent/guardian prior to the start of the suspension. If the parent/guardian cannot be reached prior to the start of the suspension, the Principal/designee may determine that the suspension will start without the prior contact with the parent/guardian.
- Step 5: The Superintendent/designee shall review the Principal's recommendation for expulsion within five school days of receipt and shall recommend whatever action is deemed appropriate. The Superintendent shall notify the parent/guardian and the Principal/designee of his decision.
- Step 6: The parent/guardian shall have the right to a hearing with the Superintendent/designee to challenge the extension or imposition of a suspension. The hearing shall be informal in nature and should be granted on written request.
- Step 7: The student's parent/guardian or the adult student shall be informed of any alternatives, if appropriate, and changes shall be made in the student's assignment or program.
- Step 8: If the Superintendent decides to recommend expulsion, the parent/guardian shall be notified by certified mail of the hearing at which the hearing officer/committee/School Board will consider the recommendation. Failure to request a hearing in writing in a timely manner shall be considered a waiver of the student's right to a hearing to contest the charges.
- Step 9: The parent/guardian shall have the right to appear before the hearing officer/committee/School Board which will act on the Superintendent's recommendation for expulsion.
- Step 10: A student who is expelled from the district by School Board action shall not be afforded a rehearing before the School Board unless prior evidence is proven to be false or new evidence is substantiated that was omitted from the original hearing. A request for rehearing shall be made by the parent/guardian to the Superintendent/designee. The Superintendent's Office shall determine whether the expulsion shall be reheard by the School Board.
- Step 11: The Superintendent/designee may recommend to the School Board expulsion of a student who is found guilty of a felony. However, any student subject to discipline or expulsion for the unlawful possession or use of any substance under Chapter 893, Florida Statutes, shall be entitled to a waiver of the discipline or expulsion if the student divulges information leading to the arrest and conviction of the person who supplied such controlled substance or if the student voluntarily discloses the unlawful possession of such controlled substance prior to arrest.

Discipline of Students with Disabilities

Exceptional Education Students may be suspended in accordance with School Board Policy for a total of ten days in a calendar school year. In case of a serious breach of conduct involving the health, safety, and welfare of students and School Board employees, the need for appropriate alternatives for allowing the student to continue receiving educational programs and services during the suspension will be determined at an IEP meeting and may include, but are not limited to: a reduced day program, transfer to a more restrictive placement for a designated period of time, attendance for special class(es) only, modified school day (i.e. student may come to the school campus at the end of the school day for the instructional program, home instruction, special school/placement, other options). Procedures for the **suspension** of exceptional education students shall be as follows:

1. This section includes general guidelines for expulsion, suspension and discipline of students with disabilities. This section is designated to complement the district's Code of Student Conduct and Special Programs and Procedures Document.
2. An individual education plan (IEP) shall be developed for students attending district exceptional education programs. In addition, each school shall implement a procedure that will ensure that the IEP of a student in an exceptional education program is reviewed prior to disciplinary action, as defined below.
 - (a) A copy of the district's code of conduct shall be provided to the parent or guardian of the student each year.
 - (b) It shall not be an appropriate form of discipline to suspend a student for behavior which bears a relationship to the disability or exceptionality nor shall continuous/serial suspensions be considered as appropriate form of disciplinary action.
 - (c) The procedures of this section do not apply to students in the district gifted programs, unless they are also disabled.
3. Non-emergency suspensions – unless otherwise specified in the IEP, a student participating in a district exceptional education program may be suspended for infractions of the Student Code of Conduct in accordance with the procedures set forth in that code. In addition, a copy of the notice shall be sent to the Director of Exceptional Student Education. If a student has five or more separate suspensions within a year or if a student has been suspended nine days, the Principal shall convene the full IEP Committee. A full time committee, including, psychologist and a member of the district level exceptional student education staff, shall review the student's IEP in accordance with this policy.
4. Emergency Suspension – If the Principal or designee believes that it is necessary because of an emergency situation to immediately suspended an exceptional education student whose IEP indicates suspension is an inappropriate form of discipline or does not address suspension, the Principal may suspend the student in accordance with suspension procedures of Board Policy. An emergency situation is one in which the student's presence poses a continuing danger to persons or property or an on-going threat of disrupting the academic process. A copy of the written notice to parents in this event must be sent to the Director of Exceptional Education. Within any emergency suspension period, but prior to return of the student to school, the Principal shall convene the IEP Committee. This full committee, which shall include a member of the district level exceptional student education staff, shall review the student's IEP in accordance with the rest of this section.

5. Re-evaluation of Individual Education Plan – When it is necessary to re-evaluate a student’s IEP under this policy the IEP Committee shall follow the placement procedures and comply with the parental notice provisions therein. In its review the committee shall have required or (1) requested that a plan for a functional behavioral assessment be conducted, (2) require the positive behavior management plan to be implemented, and (3) determine if the disability is a precipitating factor of the inappropriate behavior.

That decision shall be reported and the information shall be used to revise the student’s IEP to reflect either (1) the need for the use of suspension as disciplinary rule; (2) the need to modify the educational program; (3) the need to change the educational placement; (4) the need to include related services; (5) community agencies; i.e., DS, Mental Health; (6) that the disabling condition is not a precipitating factor and that the student is expected to conform to the Student Code of Conduct.

Parents of students with disabilities shall be afforded all procedural safeguards as requirements by law if they disagree with any proposal or refusal to initiate or change the identification, evaluation, or educational placement of their child or the provision of a free, appropriate public education of their child.

6. Expulsion – Expulsion shall be done in accordance with the Special Programs and Procedures and shall not result in a cessation of services.

Procedures for the Disciplinary Review of an exceptional education student that has been formally charged with a felony by a prosecuting attorney shall be as follows:

1. In addition to following steps 1 through 3 above: at the Disciplinary Review meeting, the Principal shall be responsible for conducting a review of the felony charge and determining the impact on the student’s current placement and program.
2. It is further recommended that a professional from the Juvenile Justice Commission, with knowledge of the student’s case, be invited to participate in the Disciplinary Review meeting.
3. When and if the charges are dealt with in the court setting, the Principal shall be responsible for convening a follow-up meeting to discuss the disposition of the case.

The expulsion of an exceptional education student shall not result in a complete cessation of educational services; the district is responsible for providing the student’s education during the expulsion in accordance with a revised individual education plan (IEP).

The following procedures shall be followed for the **expulsion** of exceptional education students:

1. The Principal shall adhere to State Board of Education rules when recommending expulsion of exceptional education students and shall be responsible for convening a disciplinary review committee. The disciplinary review committee membership shall include, but not be limited to, the representative of exceptional education students/designee, the ESE teacher, and the Principal/designee. The disciplinary review committee shall review the student’s IEP and shall determine whether the student’s behavior bears a relationship to the student’s exceptionality. If the disciplinary review committee determines the student’s behavior is in relation to the exceptionality it may modify the student’s IEP in accordance with current needs and expulsion may not be applied. Procedures in State Board of Education rules shall apply when a student’s conduct does not have a relationship to the exceptionality. If a functional behavior assessment or behavior intervention plan has not been completed for the student, the administrator/IEP team must complete a functional behavior assessment and develop and implement a behavior intervention plan. If the student already has a behavior intervention plan, the discipline review/IEP team must meet to review the plan and its implementation necessary to address the behavior.
2. An IEP meeting shall be conducted in conjunction with the disciplinary review committee meeting. The decision of the disciplinary review committee shall be recorded on the IEP and shall be used in determining the adequacy of the current special program and related services. The student’s IEP may be revised to reflect a modification of the current special program or an alternative placement or an indication that the exceptionality is not a precipitating factor and the student is expected to behave in accordance with the rules established in this Code of Student Conduct.
3. Any change from the student’s school placement to an alternate education setting must be reviewed within 45 days. The Principal/designee of student’s home school must set up a discipline meeting/IEP to review the interim alternate education placement prior to extending the alternate setting or returning the student to their home school.
4. The Principal/designee is responsible for taking appropriate action consistent with School Board Policy and Special Programs and Procedures for Exceptional Student Education Manual.
5. The parent/guardian/custodian of an exceptional education student shall be provided a copy of the suspension and expulsion procedures regarding discipline of exceptional students at the initial placement meeting or at the first IEP meeting held in Monroe County. Additional requirements for the suspension or expulsion of exceptional students may be set forth in the Special Programs and Procedures for Exceptional Student Education Manual.

PUBLIC NOTICES

Family Education Rights and Privacy Act - The Family Educational Rights and Privacy Act (FERPA) affords parents and students over 18 years of age (“eligible student”) certain rights with respect to the students’ educational records. They are:

1. The right to inspect and review the student’s education records within 45 days of the day the District received a request for access.
2. The right to request the amendment of the student’s education records that the parent or eligible student believes are inaccurate or misleading. Parents or eligible students may ask the Monroe County School District to amend a record that they believe is inaccurate or misleading. They should write the school Principal, clearly identify the part of the record they want changed, and specify what is inaccurate or misleading. If the District decides not to amend the record as requested by the parent or eligible student, the District will notify the parent or eligible student of the decision and advise them of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.
4. The right to file a complaint with the U. S. Department of Education concerning alleged failures by the District to comply with the requirements of FERPA. The name and address of the Office that administers FERPA is:
 Family Policy Compliance Office
 U.S. Department of Education
 600 Independence Avenue, SW
 Washington, D.C. 20202-4605

A school official is a person employed by the District as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel); a person serving on the School Board; a person or company with the District has contracted to perform a special task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record or in order to fulfill his or her professional responsibilities.

In addition, you must receive annual, written notice of the categories of personally identifiable information designated as directory information for which consent to release is not required. The District School Board of Monroe County defines directory information as:

“the student's name, address, telephone number if it is a listed number, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, most recent previous educational agency or institution attended by the student.”

Parents, guardians and adult students have the right to prohibit the release of any or all categories of personally identifiable information defined as directory information. To prohibit the release of directory information you must notify the school Principal in writing that directory information is not to be released for a particular student. However, personally identifiable records or reports of a pupil or student may be released, without the consent of the pupil or pupil's parent, to parties through an interagency agreement among the Department of Health and Rehabilitative Services, school and law enforcement authorities, and other signatory agencies for the purpose of reducing juvenile crime and especially motor vehicle theft by promoting cooperation and collaboration, and the sharing of appropriate information in a joint effort to improve school safety, to reduce truancy, in-school and out-of-school suspensions, to support alternatives to in-school and out-of-school suspensions and expulsions, and which support students in successfully completing their education. Information provided in furtherance of such interagency agreements is intended solely for use in determining the appropriate programs and services for each juvenile or the juvenile's family, or for coordinating the delivery of such programs and services, and as such is inadmissible in any court proceedings prior to a dispositional hearing unless written consent is provided by a parent, guardian or other responsible adult on behalf of the juvenile.

Discrimination - The Civil Rights Law of 1964, as amended, Section 504 of the Rehabilitation Act 1973/Americans with Disabilities Act (ADA), F.S. 228.2001, and The School Board of Monroe County, Florida, Resolution number 616, adopted April 13, 1976, prohibit discrimination on the basis of race, national origin, color, sex, handicap, marital status, religion, or sexual orientation. Conduct that constitutes bullying and harassment, as defined herein, is prohibited. “Bullying” means systematically and chronically inflicting physical hurt or psychological distress on one (1) or more students or employees. It is defined as any unwanted and repeated written, verbal, or physical behavior, including any threatening, insulting, or dehumanizing gesture, by an adult or students, that is severe or pervasive enough to create an intimidating, hostile, or offensive educational environment; cause discomfort or humiliation; or unreasonably interfere with the individual's school performance or participation. [F.S. 110.1221, 1002.20, 1006.13, 1006.147]

Hazing is defined as performing any act or coercing another, including the victim, to perform any act of initiation in any class, team, or organization that causes or creates a substantial risk of causing mental or physical harm. [F.S. 1001.43]

Complaint and Grievance Procedures - The School Board of Monroe County, Florida, believes in just treatment of ALL students and provides a learning environment that is free from unfair or discriminatory practices. Procedures for disciplinary complaints and resolution of discriminatory practices have been established.

There may be times when students feel they have been unfairly penalized. Most problems can be solved if students speak with the teacher or staff member who was involved. If the student feels uncomfortable with this person, the student may request a conference with the next level of authority. The student may also request the presence of a third party, such as a counselor, assistant Principal or other staff person. The parent may also be present. If the problem is not resolved, by talking things over, the following steps may be followed:

1. A written statement must be presented to the Principal after the last conference. The statement must tell what happened, when it happened, who was involved, and how the student would like the problem resolved. The Principal must present a written response to the student.
2. If the problem still has not been resolved, the student may ask, in writing, for an appointment with the Deputy Superintendent or his/her designee. The letter asking for the appointment must include a copy of the first written statement.
3. Upon receipt of the letter, the Deputy Superintendent or his/her designee will schedule a meeting. The meeting will include the persons involved in the original action, the Principal, the student and his/her parent.
4. If the student still is not satisfied, he or she may take the problem to the Superintendent following the above procedures.
5. The Superintendent will schedule another meeting to see how the matter can be resolved. If a decision is not made at this meeting, the Superintendent is to send a written response to the student. If the student is not satisfied, he or she may write to the School Board and ask for a hearing. This letter must tell the whole story.

Non-discriminatory Minority Language Equity - National origin minority or limited English proficient student shall not be subjected to any disciplinary action because of their use of a language other than English. [FAC 6A-6.0908 (3)]

If you feel you have been discriminated against and disciplined because of your use of a language other than English in the Monroe County Public Schools, please notify the school Principal and/or the District Equity Coordinator, 241 Trumbo Road, Key West, Florida, 33040.

ALMA MATER

In our City's southern section
Fair to every eye
Proudly stands our Alma Mater
As the year goes by.
Service, service is our watchword
Words that will avail
Hail to thee, our Alma Mater
Key West High, all hail.

SCHOOL NICKNAME – CONCHS

The Key West High School's athletic teams proudly bear the nickname of "Conchs." A Conch is a shell of various gastropods which is noted for its toughness, tenacity, and beauty. They are found in the waters of the area. Natives of Key West are referred to as Conchs. This custom originates from the fact that many early settlers of the island came from the Bahaman Islands where it is common to call English settlers "Conchs." It has been the school nickname since the school was organized and is unique. We know of no other school in the country with a similar nickname or school symbol. Representatives of Key West High School have so conducted themselves in the past that the student body and community have always been proud of the spirit of the "Fighting Conchs". Conch PRIDE means displaying perseverance, respect, integrity, dedication and excellence. We hope you will have a great deal of Conch Pride in your school!

FIGHT SONG by Mr. Tom Whitley

On with the crimson,
On with the grey,
Listen to us while we say, hey;
Fight down that field again
Men of the Crimson and Grey
Get on that ball and then
We'll mow 'em down like new mown
Hay, hay, hay, hay
Fight on to Victory,
Fight, Fight with all your might.
For there's naught to fear,
The Conchs are here,
And we'll celebrate with you tonight.
We don't mean Tuesday,
We'll celebrate with you tonight.
